UDOT I-15 CORE to Close Intersection, Freeway Ramps at Spanish Fork Main Street

Overnight closures for bridge construction at the new interchange scheduled for Nov. 3-5

LEHI, Utah (Nov. 3, 2011) — Construction teams on UDOT's Utah County I-15 Corridor Expansion (I-15 CORE) are scheduled to close several freeway ramps in Spanish Fork, as well as Spanish Fork Main Street, for the next three nights beginning tonight at 9 p.m. (weather permitting).

The northbound off-ramp from I-15 to Spanish Fork Main Street, as well as the ramps from Main Street onto I-15 and U.S. Highway 6, will close each night through Nov. 5 while crews place beams for the new bridge connecting northbound I-15 to U.S. 6. Spanish Fork Main Street will also be closed under I-15 during this time.

Residents and commuters can stay informed about the progress of the Provo Center Street and Spanish Fork interchanges, as well as other I-15 CORE construction activities, by signing up for weekly email updates at udot.utah.gov/i15core, following the project on [facebook.com/i15core](https://www.facebook.com/i15core) and twitter.com/i15core and receiving text updates by texting "i15core" to 53535.

I-15 CORE will rebuild or modify 10 freeway interchanges and 24 miles of I-15 from Lehi to Spanish Fork. The project is on schedule for completion in December 2012.
